

Proactive Strategies for Safety*

Presented by Judith Petruzzi, PSEA Education Services Division

This workshop is for ESP only — not eligible for Act 48 hours.

It is the responsibility of public education to educate all students. An outcome is that some students who attend our schools have behavioral issues, some severe. This course is designed to take a comprehensive look at the school

environment to maximize safety for students and staff. We will talk about the physical environment; establishment of clear and consistent routines and procedures; de-escalation techniques; and the need for clear communication among staff to address behavior.

*Paraprofessionals, if taking this workshop for the hours, it is recommended that you obtain pre-approval from your employer to ensure the hours will be accepted.
