

Mandated Reporting

presented by Molly Mirabito, PSEA-NEA UniServ Representative

While it's been the law in Pennsylvania for more than a decade now, the statute really just codified what PSEA members have been doing since 1852—protecting children from abuse and protecting innocent members from unjust accusations. Never hurts, though, to review...so that's what we're going to do. At this session, we'll outline exactly what public school employees are mandated to do and consequences for ignoring those mandates. We'll also talk about the role of the local leader in the process, with particular focus on the resources and support available only to PSEA members. Hope to see you there!
